The MARYLAND GAZETTE.

[XIXth Year.] THURSDAY, June 16, 1763. [N° [illegible]]

FROM THE LONDON GAZETTE.

WESTMINSTER, April 19.

THIS Day his Majesty came to the House of Peers, and being in his Royal Robes seated on the Throne with the usual Solemnity, Sir Septimus Robinson, Knt. Gentleman Usher of the Black Rod, was sent with a Message from his Majesty to the House of Commons, commanding their Attendance in the House of Peers. The Commons being come thither accordingly, his Majesty was pleased to give his Royal Assent to the several Bills that were ready. After which his Majesty was pleased to make the following most gracious SPEECH.

My Lords and Gentlemen,

I CANNOT put an End to this Session of Parliament, without expressing my Thanks for the signal Zeal and Dispatch which you have manifested in your Proceedings, and which make it unnecessary for me to continue it any longer.

I informed you at your first Meeting, that Preliminary Articles were signed by my Minister and those of France and Spain; I ordered them to be laid before you, and the Satisfaction which I felt at the approaching Re-establishment of Peace, upon Conditions so honourable to my Crown, and so beneficial to my People, was highly encreased, by my receiving from both Houses of Parliament the strongest and most grateful Expressions of their entire Approbation. These Articles have been established, and even rendered still more advantageous to my Subjects by the Definitive Treaty; and my Expectations have been fully answered, by the happy Effects which the several Allies of my Crown have derived from this salutary Measure. The Powers at War with my good Brother the King of Prussia, have been induced to agree to such Terms of Accommodation, as that great Prince has approved, and the *Success*, which has attended my Negotiation, has necessarily and immediately diffused the Blessings of Peace through every Part of Europe.

I acquainted you with my [illegible] Resolution to form, at the Commencement, a Plan of [illegible] Oeconomy. The Reductions necessary for this Purpose shall be compleated with all possible Expedition; and altho' the Army maintained in these Kingdoms will be inferior in Number to that usually kept up in former Times of Peace, yet I trust that the Force proposed, with the Establishment of the National Militia (which Service I have experienced, and cannot too much commend) will prove a sufficient *Security* for the future.

Gentlemen of the House of Commons,

I have seen, with the highest Concern, the great Anticipations of the Revenue, and the heavy Debts unprovided for during the late War, which have reduced you to the unhappy Necessity of imposing further Burthens upon my People. Under these Circumstances, it is my earnest wish to contribute, by every Means, to their Relief. The utmost Frugality shall be observed in the Disposition of the Supplies which you have granted; and when the Accounts of the Money, arising from the Sale of such Prizes as are vested in the Crown, shall be closed, it is my Intention to direct, that the Produce shall be applied to the Public Service.

My Lords and Gentlemen,

The Extension of the Commerce of my Subjects, the Improvement of the Advantages we have obtained, and the Increase of the Publick Revenue, are the proper Works of Peace. To these important and necessary Objects, my Attention shall be directed. I depend upon your constant Care to promote in your several Counties that Spirit of Concord, and that Obedience to Law, which is essential to good Order, and the Happiness of my faithful Subjects. It is your Part to discourage every Attempt of a contrary Tendency; it shall be mine firmly to maintain the Honour of my Crown, and to protect the Rights of my People.

Then the Lord Chancellor prorogued the Parliament to Thursday the 23d Day of June next.

St. James's, April 20. His Majesty in Council was this Day pleased to declare the Right Hon. Hugh Earl of Northumberland, Lieutenant General, and General Governor of his Majesty's Kingdom of Ireland.

April 22. His Majesty having been pleased to deliver the Custody of the Privy Seal to his Grace George Duke of Marlborough, the Oath of Keeper of the Privy Seal was this Day administered unto him; and his Grace took his Place at the Board accordingly.

ADMIRALTY-OFFICE, *April* 19.

Copy of a Letter from Vice Admiral Cornish, to Mr. Cleveland, dated in the Bay of Manilla, the 31st of October, 1762.

IT is with the greatest Pleasure I have the Honour to acquaint their Lordships with the Success of his Majesty's Arms in the Reduction of the City of Manilla, which was taken by Storm, on the Morning of the 6th Instant. In my Letters of the 23d and 31st of July, I acquainted their Lordships with my Proceedings to that Time; after which I used every possible Means at Madrass [illegible] Dispatch, the Season of the N. W. Monsoon [illegible] of the utmost Importance. To promote this End, I [illegible] the Elizabeth, Grafton, [illegible], Weymouth, [illegible] Argo, with such of the Troops and military Stores as were to take on board; and on the 29th [illegible] under the Command of Commodore Tiddeman, [illegible] to Malacca, with a View that they might [illegible] there, by the Time I should arrive with the Remainder of the Squadron.

Having accomplished the Embarkation of every Thing [illegible] for this Expedition, with a Dispatch much beyond my Expectation, as we had [illegible] I sailed the [illegible] the Ships under [illegible] Manilla, Seaford, South-Sea Castle Store-Ship, Admiral Stevens's Store-Ship, Osterly Company's Ship, leaving the Falmouth, at the Request of the President and Council, to convoy the Essex India Ship, who was not ready to sail, having the Treasure to take on board for the China Cargoes, and to bring to Manilla such of the Company's Servants as were to be put in Possession of that Government, if the Expedition succeeded.

The 19th I arrived at Malacca, and was disappointed in not finding Mr. Tiddeman there, who did not join till the 21st, having met with long Calms. The Difficulty of Watering the Squadron at this Place, made it the 27th before I could leave the Road.

On the 2d of September I arrived off Pulo Timoan, and was joined by Captain Grant, in the Sea-Horse, whom I had detached, upon my first Arrival at Malacca, to cruize between this Island and the Streights of Sincapore, to stop any Vessels he might suspect going to Manilla.

On the 19th I made the Coast of Luconia, but was drove off again by a strong N. E. Wind, which separated some of the Squadron. The 22d the Gale broke up, and the Wind shifting to the S. W. the 23d we recovered the Land again; the next Day entered the Bay of Manilla, and, in the Close of the Evening, anchored off the Fort of Cavite, with the whole Squadron, except the South-Sea Castle, and Admiral Stevens; the Falmouth and Essex having joined me off the Coast. In the Night I sent the Masters to sound about the Fortifications of Cavite, and, by their Report, found that it might be attacked by Ships.

The 25th, in the Morning, the Wind not being favourable to attack the Cavite, I took two of the Frigates, and with General Draper, and some other Officers, reconnoitred the Shore about Manilla, and observed some Churches, and other Buildings, to stand near the Works, on the South Side of the Town, particularly towards the S. W. Bastion. We had some Design of attacking Cavite first, to have had the Conveniency of that Port for the Shipping; but considered, that though the Attack should be attended with all the Success we could hope, yet it would cause a Delay of two Days at least, before we could Land at Manilla, which Time would afford Opportunity to the Enemy to demolish those Buildings near their Works, and to prepare many Obstacles to our Landing, and perhaps recover from that Consternation our unexpected Arrival had thrown them in; and farther, Manilla being the Capital, if that fell, Cavite would in Consequence.

From these Circumstances, I joined in Opinion with the General, to take Advantage of Circumstances so favourable for a Descent, and land the Troops with all Dispatch, and endeavour to get Possession of some Posts near their Works, which, if effected, would greatly facilitate the Reduction of the City.

In Consequence of these Resolutions, I immediately made the Signal on board the Sea-Horse, for the Squadron to join me, and for the Troops to prepare to land. About 7 in the Evening the 79th Regiment, with the Marines in the Boats, under the Direction of the Captains Parker, Kempenfelt and Brereton, pushed for the Shore; and under the Fire of the 3 Frigates, effected the Landing at a Church called the Morata, about a Mile and a Half from the Walls. We had no Opposition from the Enemy, but some Difficulty from the Surf, which ran high and staved all the Long-Boats, but happily lost no Men. The next Morning the General took an advanced Post, about 300 Yards from the Glacis, and there, under Cover of a [illegible], intended his Battery against the Face of the S. W. Bastion. The Number of Troops being small, I landed a Battalion of Seamen, of about 700 Men, under Command of the Captains Collins, Pitchford, and George Ourry.

The 27th I dispatched three armed Boats after a Galley coming up the Bay to Manilla; they came up with her, and resolutely boarded her, and took her, notwithstanding she kept a smart Fire with Patteraroes and Musketry; she mounted a Carriage and 17 Brass Swivel Guns, and had 80 Men. By Letters found in her, we discovered she was dispatched from the Galleon St. Philippina, from Acapulco, and where she had left the 20th of September, at Catanagan, between the Embocadero and Cape Spirito Santo. Upon this Discovery I came to a Resolution to send the Panther and Argo in Quest of her; but it was the 4th of October before the Weather permitted their Sailing.

The 28th of September the General acquainted me, that he was beginning to work on the Battery, and that if some Ships could get nigh enough to throw Shot on the Works of the Town opposite to it, it might take off some of the Enemy's Fire and Attention, and thereby facilitate his Construction. In Consequence of this, I ordered Commodore Tiddeman, with the Elizabeth and Falmouth, towards the Town, as nigh as the Depth of Water would permit, and to place the Ships in such a Position as would best answer the Purpose intended; which was accordingly done the same Day, and their Fire had a very good Effect.

On the 30th, the South-Sea Castle arrived with Stores, which were much wanted, particularly the entrenching Tools, for want of which the Army had been so greatly [illegible] that I was obliged to employ all the Forges in making [illegible] The [illegible] of October [illegible] to [illegible] Gales blew fresh, and in the [illegible] which drove the South-Sea Castle ashore [illegible] a little to the Southward of our Camp. This Accident, however, had some unexpected Advantage, [illegible] the Situation she lay in, [illegible] the Rest of our [illegible] their Military Stores were got on Shore with Safety and [illegible] and the Army supplied [illegible] [illegible] blowing Weather [illegible] the W. S. W. directly on the Shore, which gave much Concern for the Elizabeth and Falmouth, who were only in five Fathom Water, and, as I have since been informed, [illegible] the Sand of the Sea struck; but the Bottom being Muddy [illegible] soft to a considerable Depth, they received no Damage. On the 4th in the Morning, the General opened the Battery, which was so well managed, and seconded by the Ships before the Town, that in four Hours the Defences were taken off, and the next Day in the Evening, the Breach was made practicable.

On the 6th, at Day-light in the Morning, the General's Regiment, with the Sea Battalion, mounted the Breach, made the Attack, and soon got Possession of all the Bastions; which compleated the Conquest. I immediately went on Shore, and, with the General, had a Meeting with the Spanish Governor, and some of his principal Officers, when a Capitulation was agreed on, that the Town and Port of Cavite, with the Islands and Ports depending on Manilla, should be given up to his Britannick Majesty; and that they should pay Four Millions of Dollars for the Preservation of the Town and their Effects (a Copy of which Capitulation I have enclosed.)

On the 10th I sent Capt. Kempenfelt in the Norfolk, with the Seaford and Seahorse, to take Possession of Cavite, agreeable to the Capitulation; by this Acquisition we got Possession of a very large Quantity of Naval Stores; and besides the Advantage of almost every Conveniency for refitting the Squadron, the People are supplied with fresh Meat and Vegetables in great Plenty.

The Siege, though short, was attended with many [illegible] and great Fatigue, in which both the Officers and Men exerted themselves with the utmost Chearfulness. We had constantly fresh Gales, a Lee Shore, and consequently a high Surf to contend with, which made it always difficult, frequently hazardous, and sometimes impossible to land with Boats. The Rains fell very heavy, and our [illegible] were surrounded and harrassed by numerous Bodies of Indians, who, though undisciplined, and armed only with Lances and Bows and Arrows, yet by a daring Resolution, and Contempt of Death, they became not only troublesome but formidable. I have the Satisfaction of acquainting their Lordships that throughout the whole Expedition, the most perfect Harmony and Unanimity has subsisted between his Majesty's Land and Sea Forces.

You will receive with this an Account of the Number of Officers and Men, both Seamen and Marines, that were landed from the Squadron, as likewise of the killed and wounded in each Corps. It is with Concern I acquaint their Lordships with the Loss of Commodore Tiddeman, who, by attempting to enter the River in his Barge, the Morning after the Reduction of Manilla, was drowned, with five of his People; by which unhappy Accident, his Majesty has lost a brave and experienced Officer.

Capt. Kempenfelt, by whom I send this (and will present to you for their Lordships, a Plan of the Town of Manilla, and the Port of Cavite) has been of the greatest Assistance to me during the Course of this Enterprise; he is very capable of furnishing their Lordships with many Particulars necessary for their Information; and his great Merit makes it my Duty to recommend him as a very able good Officer. I am, &c.

S. CORNISH.

Copy of a Letter from Vice-Admiral Cornish to Mr. Cleveland, dated in the Bay of Manilla, the 10th of November, 1762.

IN my Letter of the 31st of October, I acquainted you of my having sent Capt. Parker, with the Panther and Argo, in Quest of the Galleon St. Philippina, from Acapulco, bound to Manilla.

The 7th Instant Capt. King, in the Argo, returned with a Letter from Capt. Parker, acquainting me, that in Consequence of my Orders, beating, the 29th of October, the Length of the Island Capul, near the Entrance of the Embocadero, in Pursuit of the Saint Philippina, where the Argo had come to an Anchor (and which he intended to do for that Night) just as the Day closed saw a Sail, and stood to the Northward; at 8 in the Evening he got Sight of the Chace, about two Leagues to Leeward, but unluckily, by the Rapidity of a Counter Current, to what the Chace was in, [illegible] overtaking the [illegible] of being lost, and obliged to anchor; the Argo, [illegible] caped the Danger of being lost, got up with the Chace, and engaged her near two Hours; but was so roughly handled, that Capt. King was obliged to bring to, to repair his Damages.

By this Time the Current Slackened, which enabled Captain Parker to get under Sail with the Chace in Sight, and about Nine the next Morning he came up with her, and after battering her near two Hours she struck. The Enemy made but little Resistance, trusting to the [illegible] of their Ship, which the Panther's Shot were not able to penetrate, [illegible] Capt. Parker was no less disappointed than surprized, when the [illegible] General came on board, to find that instead of the St. Philippina, he had engaged and taken the Santissima Trinidad, who departed from Manilla the 1st of August for Acapulco, and had got [illegible] to the Eastward of [illegible] but meeting with [illegible] Gale of Wind, was dismasted, and put back to refit. She had [illegible] Men on board, and pierced for [illegible] Guns, [illegible] had only [illegible] mounted, [illegible] 35 Feet [illegible] I cannot ascertain the Value of her Cargo; [illegible]

Capt. King left the Panther with her Prize [illegible]

It is with much Grief I acquaint you of my great Misfortune, which I met with the 23d at one o'Clock in the Morning, five Leagues Diſtance from Dominica, W. S. W; being boarded by a Spaniſh PIRATE, and after being ſtript and uſed barbarouſly, was turned adrift with my Boat without Water, or Proviſions of any Kind.

I cannot inform you rightly where ſhe belonged to; only from what they told me, which was, that ſhe did belong to the Iſland of Margarita, and that the Captain's Name is Antonio.—She had no Carriage and 12 Swivel Guns, and 64 Hands; but had manned [illegible] Prizes, and for the moſt Part cruiſes off Dominico, and has been there for 5 Weeks. I beg you would ſend this Account to my Owners in Salem.

The above Schooner of Capt. Putnam's is about 80 Tons Burthen, Newbury built, low and narrow; this her ſecond Voyage from New-England; has a long Quarter Deck, which takes in her Main-maſt and Pumps; has a Scuttle under the Tiller before the Rudder-caſe of about 18 or 20 Inches ſquare; her Cabbin Floor neatly caulk'd; has plain ſolid Quarter Pieces; had two Top-maſts to carry ſtanding Top-ſails; tarred Sides, and black Bottom.

By a Gentleman lately arrived from Jamaica, we learn, that on or about the firſt of April, a Number of Negroes in the Country having attempted an Inſurrection on the Inhabitants, a Party went out againſt them, and ſpeedily put a Stop to their Progreſs, after their barbarouſly murdering ſeveral of the Settlers there. Several of the Negroes were taken and executed before the Gentleman left that Place.

ROBERT MANLEY, CHAISE-MAKER, *from* NEW-YORK, *now Living in* BALTIMORE-TOWN,

MAKES and REPAIRS all Sorts of CARRIAGES, in the neateſt and beſt Manner, and at [illegible] reaſonable Rates.

THE OHIO Company having ordered one Hundred Lots to be laid off for a Town, to be called *Charlottsburg*, on *Potowmack* River, in the Province of *Maryland*, near Fort *Cumberland*; and an equal Number of Out Lots, contiguous to the Town, will be annexed to it. Within 3 Years from the Date of their Deeds each Proprietor is to build on his Town Lot a Dwelling-houſe 20 by 15, with a Brick or Stone Chimney, and is to pay an annual Ground Rent of 5 Shillings Sterling for each Town Lot. Theſe Lots will be ſold, on the Premiſes, to the higheſt Bidder, on Monday the 20th of this Inſtant *June*; and as the public may be aſſured none will be diſpoſed of at private Sale, thoſe who will attend may have an Opportunity of chooſing ſuch Lots as they think moſt convenient.

Any one who will conſult the Maps muſt ſee that Fort *Cumberland*, from it's natural Situation and Contiguity to that very extenſive and fertile Country on the *Ohio* and its Waters, muſt be the Key to all that valuable Settlement; it being the higheſt and moſt convenient Landing-place for the Inhabitants on the other Side the *Allegheny* Mountains, on all the River *Potowmack*, which affords a Water-Carriage, that with a very inconſiderable Expence, might be rendered ſafe, certain and eaſy, at all Seaſons of the Year, from the Great Falls to the Spot now propoſed for a Town. It is about 75 Miles Land-Carriage to the *Monongahela*, which is navigable to the *Ohio* for flat-bottomed Boats or Battoes; and not more than 65 Miles to the *Youghyogane*, where the Road, as it is at preſent cleared to *Pittſburg*, croſſes; to which Place the *Indians* frequently, before the War, brought up their Battoes loaded with Skins: And all who are acquainted with the Country agree, that a very good Waggon Road may be made to that very Spot, or even a few Miles lower down the River, which would reduce the Diſtance from thence to Fort *Cumberland* at leaſt 15 Miles. The Land-Carriage from *Pimmet's* Warehouſe, at the Little Falls, which is the higheſt Tide Water of *Potowmack*, to the Great Falls, does not exceed 12 Miles; and the Manufactures of *Great-Britain* may be tranſported by the *Potowmack* to the *Ohio*, and it's Produce or Furs returned through the ſame Channel, only with 90 Miles Land-Carriage at the moſt. And to all the Advantages of Situation, *&c.* already enumerated, may be added, not as the moſt inconſiderable, that the *Ohio* Company have a Right to expect a Magazine will (with a ſufficient Garriſon) be eſtabliſhed at Fort *Cumberland*, for ſupplying the Troops which may be employed on the *Ohio*.

Fort *Cumberland* is about 115 Miles from *Pittſburg*, 30 from Fort *Bedford*, 60 from *Wincheſter*, Land-Carriage, good Waggon Roads, and 100 Miles Water Carriage from the Mouth of *Conococheague* Creek in *Maryland*.

The Day the LOTS are SOLD the *OHIO* COMPANY will LET to the higheſt Bidder, *for* a Term of Years, Two very good Store-Houſes, on *Potowmack* River, in *Virginia*, oppoſite to Fort *Cumberland*, one Forty-five by Twenty-five, with a Counting-Room and Lodging-Room, with Fire-places, at one End; the other 44 by 20, with proper Conveniencies for a Family; two Stories high each; beſides Garrets, with good dry Cellars, fit for ſtoring Skins, the whole Size of the Houſes; and a Kitchen, Stable for 12 Horſes, Meat-Houſe and Dairy. There are Two good Battoes, which will be given to the Perſon who Rents the Houſes. The whole entirely new, and now fit to enter upon; and the Griſt and Saw Mills, which are not a Mile from the Town, will be compleated by the Middle of *June*. There is plenty of fine Timber and Lime-Stone very convenient. The Company have a great Quantity of exceeding good Land on both Sides *Potowmack* River, contiguous to the Town and Store-Houſes, to Let. Any Perſon deſirous to treat for the Store-Houſes or Lands before the Day of Sale, or the Town Lots, may know the Terms by applying to the Subſcriber, who will attend at Fort *Cumberland* on the 20th Day of *June* aforementioned, to make the Purchaſers Titles to their Lots.

Bladensburg, 22d May, 1765.

SEVERAL People who often deals with me, owe small Ballances, which are very troublesome to be continued on the Books from Year to Year; I will therefore be obliged to those People if they will pay off, or come and let me know that they want more Time.

Some few owe more considerably, and deal also at other Stores, whereby they have some Accounts to settle before they can know how their Affairs stand, which takes up their Time; and besides it is setting an Example to lazy People, to get in Debt at different Places more than they can pay, which brings a Charge on the Trade for bad Debts, and thereby hinders Traders from affording so good Terms to those who are industrious, as such People really deserve. I will therefore be obliged to these unsettled Folks if they will pay their Debts, by Credit with some Merchant, or otherwise, that I may be enabled to oblige my constant good Customers, as much as I desire to do; for it is very hard that indifferent Customers should keep the *Use of Money* which is wanted for good Customers. THE *OHIO* Company have ordered [illegible] Half-Acre Lots to be laid off for a Town, to be called *Charlottesburgh*, on *Patowmack* River, in the Province of *Maryland*, near Fort *Cumberland*; and an equal Number of Out Lots, contiguous to the Town, will be annexed to it. Within 3 Years from the Date of their Deeds each Proprietor is to build on his Town Lot a Dwelling-houſe 20 by 15, with a Brick or Stone Chimney, and is to pay an annual Ground Rent of 5 Shillings Sterling for each Town Lot. Theſe Lots will be ſold, on the Premiſes, to the higheſt Bidders, on Monday the 20th of this Inſtant *June*; and as the public may be aſſured none will be diſpoſed of at private Sale, thoſe who will attend may have an Opportunity of chooſing ſuch Lots as they think moſt convenient.

Any one who will conſult the Maps muſt ſee that Fort *Cumberland*, from it's natural Situation and Contiguity to that very extenſive and fertile Country on the *Ohio* and its Waters, muſt be the Key to all that valuable Settlement; it being the higheſt and moſt convenient Landing-place for the Inhabitants on the other Side the *Allegheny* Mountains, on all the River *Patowmack*, which affords a Water-Carriage, that with a very inconſiderable Expence, might be rendered ſafe, certain and eaſy, at all Seaſons of the Year, from the Great Falls to the Spot now propoſed for a Town. It is about 75 Miles Land-Carriage to the *Monongahela*, which is navigable to the *Ohio* for flat-bottomed Boats or Battoes; and not more than 65 Miles to the *Youghiogheny*, where the Road, as it is at preſent cleared to *Pittſburg*, croſſes; to which Place the *Indians* frequently, before the War, brought up their Battoes loaded with Skins: And all who are acquainted with the Country agree, that a very good Waggon Road may be made to that very Spot, or even a few Miles lower down the River, which would reduce the Diſtance from thence to Fort *Cumberland* at leaſt 15 Miles. The Land-Carriage from *Pimmett's* Warehouſe, at the Little Falls, which is the higheſt Tide Water of *Patowmack*, to the Great Falls, does not exceed 12 Miles; and the Manufactures of *Great-Britain* may be tranſported by the *Patowmack* to the *Ohio*, and it's Produce or Furs remitted through the ſame Channel, only with 90 Miles Land-Carriage at the moſt. And to all the Advantages of Situation, *&c.* already enumerated, may be added, not as the moſt inconſiderable, that the *Ohio* Company have a Right to expect a Magazine will (with a ſufficient Garriſon) be eſtabliſhed at Fort *Cumberland*, for ſupplying the Troops which may be employed on the *Ohio*.

Fort *Cumberland* is about 115 Miles from *Pittſburg*, 30 from Fort *Bedford*, 60 from *Wincheſter*, Land-Carriage, good Waggon Roads, and 100 Miles Water Carriage from the Mouth of *Conococheague* Creek in *Maryland*.

The Day the LOTS are SOLD the *OHIO* COMPANY will LET to the higheſt Bidder, for a Term of Years, Two very good Store-Houſes, on *Patowmack* River, in *Virginia*, oppoſite to Fort *Cumberland*, one Forty-five by Twenty-five, with a Counting-Room and Lodging-Room, with Fire-places, at one End; the other 44 by 20, with proper Conveniencies for a Family; two Stories high each; beſides Garrets, with good dry Cellars, fit for ſtoring Skins, the whole Size of the Houſes; and a Kitchen, Stable for 12 Horſes, Meat-Houſe and Dairy. There are Two good Battoes, which will be given to the Perſon who Rents the Houſes. The whole entirely new, and now fit to enter upon; and the Griſt and Saw Mills, which are not a Mile from the Town, will be compleated by the Middle of *June*. There is plenty of fine Timber and Lime-Stone very convenient. The Company have a great Quantity of exceeding good Land on both Sides *Patowmack* River, contiguous to the Town and Store-Houſes, to Let. Any Perſon deſirous to treat for the Store-Houſes or Lands before the Day of Sale, or the Town Lots, may know the Terms by applying to the Subſcriber, who will attend at Fort *Cumberland* on the 20th Day of *June* aforementioned, to make the Purchaſers Titles to their Lots.

GEORGE MERCER.

Bladensburg, 23d *May*, 1763.

SEVERAL People who once dealt with me, owe ſmall Ballances, which are very troubleſome to be continued on the Books from Year to Year; I will therefore be obliged to theſe People if they will pay off, or come and let me know that they want more Time.

Some few owe more conſiderably, and deal alſo at other Stores, whereby they have more Accounts to ſettle before they can know how their Affairs ſtand, which takes up their Time; and beſides it is ſetting an Example to lazy People, to get in Debt at different Places more than they can pay, which brings a Charge on the Trade for bad Debts, and thereby hinders Traders from affording ſo good Terms to thoſe who are Induſtrious, as ſuch People really deſerve. I will therefore be obliged to theſe unſettled Folks if they will pay their Debts, by Credit with ſome Merchant, or otherwiſe, that I may be enabled to oblige my conſtant good Cuſtomers, as much as I deſire to do; for it is very hard that indifferent Cuſtomers ſhould keep the Uſe of Money which is wanted for good Cuſtomers.
